

Chronology of Key Biblical & World Events to help mark milestones of world / human history

| YEAR | (Biblical chronology featured in this work is based on the Septuagint LXX texts. According to Steven Rudd , biblical archaeologist & associate of The Shiloh Excavations , his research has led him to discover that Jews in 160 AD at Zippori had corrupted the Masoretic text and changed the chronology of Abraham through to Adam.) | REFERENCE |

| 5554 BC | <p>“In the beginning God created the heaven and the earth. And the earth was without form, and void; and darkness was upon the face of the deep. And the Spirit of God moved upon the face of the waters. And God said, “Let there be ...”</p> <ol style="list-style-type: none"> 1. First Day – light (light/Day & darkness/Night divided) 2. Second Day – firmament of heaven /atmosphere /sky 3. Third Day – dry land, seas, grass, herbs, trees 4. Fourth Day – sun, moon, stars 5. Fifth Day – sea creatures, fowls with wings 6. Sixth Day – land beasts, cattle, creepy things, (rain), man >male & female. (Adam & Eve were created last.) 7. Seventh Day – God ended His work and rested, made it a special rest day (a “Sabbath of the LORD thy God”) <p>From the order above, the Creator has provided man with clues that the days of creation were literal 24-hour days. Man can doubt His omnipotence all the days of his life but when he applies common sense and logic the truth of the matter will be revealed to him. IF the days were 1,000 years apart, there would NOT be any green grass, plants and trees today, which require sunlight for photosynthesis to occur in order for them to grow and survive. Adam’s age would be more than 1,000 years old and not 930 as stated in Scripture. Moreover, the age timeline from Adam to Jesus Christ and the calendar we use today would be out of sync. Finally, Sabbath would be a non-event for no man has ever lived more than 1,000 years. The fact that Sabbath is a <i>weekly observance</i> and not monthly nor annually nor millenniumly shows God is who He says He is and that He cares for His sons and daughters, and also the beasts. As He rested on the seventh day, He has deemed it fit for His creatures to do likewise.</p> <p>Note: God also commanded tilled land to be let to “rest and lie fallow” for a year after every six years of farming. The purpose was for the poor and beasts of the field to help themselves to what was remaining on it, and also for the land to rejuvenate itself for wholesome harvests. But modern man, out of greed and lust for profit, has failed to follow this command and has continually used chemical fertilizers to bring forth un-nutritious produce, and eventually to render the land unfit for planting.</p> | <p>Genesis 1</p> <p>Genesis 2:4-7</p> <p>Exodus 23:10-11</p> <p>Leviticus 25</p> <p>https://www.bible.ca/nimrod/welcome.htm</p> <p>https://phys.org/news/2013-07-world-oldest-calendar.html</p> |

| 2850 BC | <p>Tower of Babel built in Shinar (modern-day Iraq) by Nimrod at 375 y/o. (The fore-runner of future pyramids.) God destroyed the Tower before it could be completed and He confounded the only single spoken language among the people, and scattered them throughout all corners of the earth. Thus began new languages & new nations in the world.</p> <p style="text-align: center;">(Cairo, Peru, Jerusalem, Jericho and El-Beidha (Petra) founded around this time.)</p> <p>(Nimrod was sore angry with God for destroying the Tower. In an act of great rebellion he went on to build the first of many shrines/temples dedicated to worshipping pagan gods like An, Enlil, Enki and Inana. He also introduced offering sacrifices to the idols with Goatfish, which were almost bloodless.</p> <p>Nimrod's rebellion against the Creator of the universe went to the extreme. According to one obscure source it was noted that besides worshipping idols (by extension practicing polytheism), he also married his mother and this upset his granduncle Shem greatly. Shem killed him and cut up his body into pieces and had the parts distributed throughout the earth as a warning against committing such an abominable sin. // This narrative fits the legend that his wife (Semiramis) undertook to recover all his body parts. But she failed to recover his private genitalia. Which gave rise to the first obelisk being erected in memory of the missing part, and also to serve as a symbol of male fertility.</p> <p>Because of his 'might,' achievements, greatness and hatred for God, Nimrod had the idiosyncrasies of the ultimate historical villain who was responsible for giving rise to numerous notorious legends in the ancient world – the most famous being the legend of Semiramis and Tammuz, which had them evolved to become deity of "mother with her son who had reincarnated to become the sun god." // It is probable the descendants of Nimrod were similarly as rebellious as him and had spawned notorious legends of their own as history marched on. There are in fact numerous historical legends associated with numerous 'historical figures with multiple names' that had abounded out of the land of ancient Babylon/Egypt where Nimrod once ruled. Only that many of them became ambiguous, unreliable and mystifying due to either being lost in translation or being lost in transition during record keeping of history.)</p> | <p>Genesis 11:1-9 http://www.goyurgroup.com/origins-of-religion.html https://www.youtube.com/watch?v=ZjDGX8YFoKY</p> <p>https://www.bible.ca/nimrod/welcome.htm</p> <p>https://www.bible.ca/</p> <p>https://www.bible.ca/nimrod/welcome.htm</p> <p>https://truerichesradio.com/who-is-semiramis/</p> |
